

CASTADHAN

A Home That Remembers Allah

ASSALAMU ALAIKUM

There was once a time when the call to prayer naturally marked the rhythm of everyday life.

The adhan echoed through towns and villages, reminding hearts to turn towards Allah. Children grew up hearing it. Families paused together. The remembrance of Allah became part of ordinary life.

CastAdhan is designed to gently bring that feeling back into your home.

Working quietly alongside your compatible Google speakers and displays, CastAdhan fills your home with the beautiful rhythm of worship — from the first adhan before dawn to the final remembrance before sleep.

Once everything has been set up, it simply takes care of the rest.

No subscriptions. No monthly fees.

Just a home that remembers Allah.

EVERY PRAYER

The Adhan, Beautifully Delivered

CastAdhan automatically plays the adhan for each of the five daily prayers, precisely timed for your location throughout the year.

Whether you choose one room or your entire home, every speaker can have its own independent volume.

Adjust the adhan, Qur'an recitation and daily dhikr independently — so the Fajr call can gently wake the house while the bedtime remembrance plays softly in the children's room. Every sound, perfectly balanced for your family.

And it can even be your own voice — record the adhan yourself, so your family is called to prayer by someone who loves them.

DESIGNED AROUND FAMILY LIFE

Every family is different.

Children sleep.

Parents work.

Guests visit.

Choose what plays, when it plays and where it plays — creating a routine that naturally fits around your family's daily life.

THROUGHOUT THE DAY

More Than the Adhan

The remembrance of Allah does not begin and end with the adhan.

CastAdhan can gently enrich your home throughout the day with scheduled Qur'an recitation, morning and evening adhkar, bedtime remembrance and carefully timed reminders.

Pre-prayer windows: receive gentle, quiet reminders before a prayer window closes — helping you catch your Salah before time runs out.

THE BLESSED DAYS

Every Friday

Welcome the blessed day of Jumu'ah with automatic Surah al-Kahf playback, together with your chosen Friday reminders.

Ramadan & Eid

During Ramadan, CastAdhan is ready with Suhoor wake-up alarms, seasonal reminders and Eid takbeeraat — helping your family embrace the most blessed days of the Islamic year.

YOUR HOME, YOUR WAY

Whether you simply want the five daily adhans, or a home gently filled with Qur'an and remembrance throughout the day, CastAdhan adapts to your family's own routine.

Quietly. Naturally. Beautifully.

BEAUTIFUL EVERY DAY

The 24-Hour Prayer Clock

Display an elegant prayer clock on your television or smart display and see the entire day at a glance.

Featuring a striking **single-hand 24-hour dial**, each prayer carries its own scene and light — the current hour softly glows over a shifting aurora, transforming time from numbers into a visual landscape.

The live countdown to the next prayer, Hijri date and local weather help everyone in the home — from young children to grandparents — understand the day's journey with a single glance.

IN YOUR HANDS

Simple Everyday Control

Whenever you wish, personalise your home's schedule, adjust audio or pause playback using the CastAdhan control page from any phone or tablet.

Large, clear controls make everyday changes simple without getting in the way.

Add the dashboard straight to your phone's home screen like an app for instant access.

A single, one-tap **Stop** button lets you pause quietly if the moment isn't right — full control, without fumbling through menus.

GETTING STARTED

Ready in Three Minutes

- 1 Unbox your CastAdhan. **Connect the included Ethernet cable to your home router**, then plug in the power. Wait one minute.
